What We Do

Our Statewide Short Course Training Calendar provides:

- A range and breadth of training, to meet your own needs and those of your staff
- Geographic spread and multiple course dates throughout the year, that allow staff to attend training when and where they need it
- An online calendar and clear course descriptions, making it easy to find exactly the training your staff require
- Training you can trust—professional and well resourced, with pleasant venues and catering

Our In-House Training provides:

- Professional, expert training that accommodates your organisation's particular needs
- Providing the flexibility to schedule and develop tailored training, where and when you need it
Your Place, Your Staff, Your Choice

Carer Assessment and Training

- CCWT specialises in the assessment and training of carers in the out of home care system
- Providing reliable, proven and widely-used resources

Not Just Training: Coaching and Supervision

As a manager, supervision can be problematic when your staff member is working in areas that are not part of your expertise, or when there simply aren't enough hours in the day to focus on all of your staff individually.

Using an external supervisor can provide the extra expertise that your staff member needs.

Workforce Development

This can be provided through:

- Online courses
- 'Actionable Conversations': our technology-based program that assists with the transfer of learning into the workplace
- Training Needs Analysis (TNA)
